In regards to the portion they wish to gift to the Town, Commission members support encouraging the Chan's to specify leaving the parcel as permanent open space for conservation type purposes.

### NEW BUSINESS:

#### Dunbarton Chief of Police Daniel Sklut

Brett St. Clair welcomed the Town's new police chief on behalf of the Conservation Commission (CC). He expressed the Commission's desire to work with the police department to limit violations of local ordinances in the Town's conservation areas.

#### Access to Bela Brook Conservation Area (former Meisner lot)

Ron Slocum was present to ask whether the old section of Meadow Lane, which provides access to a recently acquired conservation parcel, could be gated. This roadway, which abuts his land, is used by individuals to gain access to the area in order to party and use a fire ring near Bela Brook. Members of the CC had no problem with Mr. Slocum's request to gate the roadway. Ron will contact his neighbor whose land also abuts the access. Margaret Watkins volunteered to contact the Town administrator regarding the action.

#### Wetlands permit

A minimum impact, "after the fact", wetlands permit for 170 Robert Rogers Road has been submitted to the Department of Environmental Services (DES) where a 6" culvert has been exchanged for a 12" one. George Holt volunteered to review the application and visit the site if need be.
