Alternates Absent: Drew Groves, Matt Lavey, Stan Sowle, Margaret Watkins

As scheduled, Commission members met at the Kimball Pond boat launch to hold a “working meeting”. Both “prohibited conduct” and milfoil signage was installed. The dam and its surrounding area were inspected. Recently one of the abutments was “tagged”. Brett St. Clair volunteered to obtain suitable paint and cover the graffiti. Jim Stone offered to bring his tractor to the dam in the near future in order to remove the logs that have accumulated in and below the sluiceway. Brett will ask George to contact the state’s dam inspector and set up a date to meet at the dam to clarify what other action the Commission needs to take to be in compliance.

Members present then sought out the access to Long Pond where milfoil signage was installed and some trash removed.

NEXT MEETING: September 11, 2013, 5:30 PM at Bela Brook Conservation Area trail head

RESPECTFULLY SUBMITTED: Darlene M. Jarvis
