**IMPORTANT:** READ ALL INSTRUCTIONS CAREFULLY BEFORE FILLING OUT THE ATTACHED APPLICATION.

The Board strongly recommends that, before making any appeal, you become familiar with the Zoning Ordinance, and also with the New Hampshire Statutes Annotated Chapters 672-677, concerning planning and zoning.

Please read the application carefully and fill it out completely. If you need assistance, or have questions in regard to the application or hearing procedures, you should contact the Planning/Zoning Department. For complex appeals it may be best to seek legal assistance.

The Zoning Board of Adjustment (ZBA) is given specific powers by the New Hampshire State Law and the Dunbarton Zoning Ordinance (See Article 15 of the Dunbarton Zoning Ordinance) to hear four kinds of cases:

- Requests for variances,
- Requests for special exceptions,
- Requests for equitable waivers of dimensional requirements, and
- Appeals of zoning administrative decisions made by the Town’s Administrative Officer or by the Planning Board.

A Variance is an authorization, which may be granted under special circumstances, to use your property in a way that is not permitted under the strict terms of the Zoning Ordinance. For a variance to be legally granted a majority of the sitting members of the ZBA must find that an application meets all five special conditions. The party(ies) seeking a variance have the burden of establishing each of the requirements for the variance.

For Special Exceptions, certain sections of the Zoning Ordinance provide that a particular use of property in a particular zone will be permitted by special exception if specified conditions are met. The necessary conditions for each special exception are given in the Ordinance. Your appeal for a special exception will be granted if you can show that all the conditions stated in the Ordinance are met.

If you are applying for a special exception, you may also need site plan or subdivision approval, or both, from the Planning Board.

For Equitable Waivers of Dimensional Requirements of the Zoning Ordinance. RSA 674:33-a authorizes the ZBA to grant equitable waivers to the dimensional requirements of the Zoning Ordinance where the applicant has satisfactorily proven to the Board all the elements required by statute have been met.

In lieu of the findings required under subparagraphs (a) and (b) outlined in NH RSA 674:33a, the owner may demonstrate to the satisfaction of the Board that the violation has existed for 10 year or more, and that no enforcement action, including written notice of violation, had been commenced against the violation during that time by the municipality or any person directly affected.
The equitable waiver applies to existing dimensional non-conformities. The Applicant must be able to meet the required standards: The non-conformity was not discovered until after the structure was substantially completed or after a vacant lot in violation had been transferred to a bona fide purchaser; the non-conformity was not an outcome of ignorance of the law or bad faith but was instead cause by a legitimate mistake; the non-conformity does not constitute a public or private nuisance nor diminish the value or interfere with future uses of other property in the area; and the cost of correction would far outweigh any public benefit to be gained.

For appeals of administrative decisions, if you have been denied a building permit or are affected by some other decision regarding the administration of the Zoning Ordinance, and you believe that the decision was made in error under the provisions of the Ordinance, you may appeal the decision to the Board of Adjustment. If you are appealing an administrative decision, a copy of the decision appealed from must be attached to your application.

For any of these types of cases, the ZBA schedules a hearing date, sends notice of that date and the applicant's intentions to all abutters of the concerned property, and advertises the meeting and scheduled cases in a local newspaper, as well as posting copies of that same notice in various public places. For each hearing the ZBA first listens to a presentation by the applicant explaining why the request should be granted and then from any abutter or affected citizen who wishes to speak either in favor or in opposition to the request. If there is opposition, the first round of testimony is followed by a rebuttal round giving parties on both sides a chance to respond to statements made by the other side. The ZBA members then deliberate the matter, asking questions if further information is needed, after which the ZBA comes to a decision by voting on a motion to "vote on the application" (either to approve or to deny, with occasional instances of deferring the matter to a later date in order to obtain additional information).

Anyone who feels aggrieved by the decision will have a period of 30 days in which to file a Motion for Rehearing, after which the ZBA has a 30 day period in which to decide whether rehearing the case is warranted. In the event that a rehearing is granted, the matter is then treated as a new case.

7. **Any other pertinent information that you feel the Board may need in order to make an intelligent and fair decision for all.**

You must appear at the public hearing and be prepared to present your case, or be represented by an authorized agent or attorney for the Board to take action on your application. The application will be terminated or tabled for failure to appear at a scheduled public hearing, without first providing written notification to the Planning/Zoning Department.

You are fully responsible for researching and knowing any and all laws, which may be applicable and affect the outcome of the Board’s decision on your application request. The Town of Dunbarton assumes no responsibility or liability relating to your failure to research and know all applicable laws including, but not limited to, state, federal and local laws, codes, land development regulations and master plan. The Town of Dunbarton strongly recommends that all applicants consider consulting an attorney regarding their application.
I/We being duly sworn, depose and say that I am/We are the owner(s)/lessee(s) of land included in the application and that the foregoing statement herein contained and attached, and information or attached exhibits thoroughly to the best of my/our ability present the arguments on behalf of the application herewith submitted and that the statements and attached exhibits above referred to are in all respect true and correct to the best of my/our knowledge and belief.

In addition, I/We understand this application must be filed with all pertinent information as it pertains to the requirements of the Town of Dunbarton Zoning Ordinance and all other information requested or required by the Zoning Board of Adjustment in order to be considered complete. I/We understand that this application will not be filed until all required information has been received, and do further understand that the Town of Dunbarton reserves the right to postpone this request until such time as the requirements are met.

Furthermore, I/We understand that I/We, our representative as stated on the application, should appear at the public hearing. If photographs, documents, maps or other materials are provided to the Board as evidence at the public hearing, said evidence will become property of the Town of Dunbarton and will remain on file for future reference.

Also, I/We recognize and understand that the public hearing before the Board of Adjustment regarding land development is considered quasi-judicial in nature. State and local law strictly prohibits applicants and/or interested parties from participating in ex-parte communications with Board members in person, by phone, e-mail, or in writing before the application is discussed at a public hearing.

SPECIAL EXCEPTION
(Article 15)

In order to secure a special exception, the Zoning Board of Adjustment must determine that your request is in harmony with the general purpose and intent of this Ordinance and meets all the following criteria. Please provide a written response along with any other supporting documentation for each of the following criteria. Should the space provided be inadequate, please attach additional pages to this application.

1) No detriment to property values in the vicinity of the proposed development will result on account of: the location or scale of buildings, structures, parking areas or other accessways; the emission of odors, smoke, gas, dust, noise, glare, heat, vibration, or other pollutants; or the unsightly outdoor storage of equipment, vehicles of other materials.

2) No hazard will be caused to the public or adjacent property on account of potential fire, explosion or release of toxic materials.

3) No creation of a traffic safety hazard or substantial traffic congestion in the vicinity of the proposed development.

4) No excessive demand on municipal services and facilities, including, but not limited to waste disposal, police and fire protection and schools.

5) The proposed use will not result in the degradation of existing surface and groundwater water quality standards, nor will it have adverse effects on the natural functions of wetlands on the site which would result in the loss of significant habitat or flood control protection.

6) In addition to the standards specified above, special exceptions may be subject to appropriate conditions including the following: (RSA 674:33-IV):

1) Front, side, or rear yards in excess of the minimum requirements of this Ordinance;
2) Screening of the premises from the street or adjacent property by walls, fences, or other devices;

3) Limitations on the size of buildings and other structures more stringent than the minimum or maximum requirements of the Dunbarton Zoning Ordinance;

4) Limitations on the number of occupants and methods and times of operation;

5) Regulation of the design and location of access drives, sidewalks and other traffic features;

6) Location and amount of parking and loading spaces in excess of existing standards;

7) Regulation of the number, size, and lighting of signs in excess of existing standards.
VARIANCE  
(Article 15)

In order to secure a variance, the Zoning Board of Adjustment must determine by law that your variance request satisfies all the following criteria of the Zoning Ordinance. **Please provide a written response along with any other supporting documentation for each of the following criteria.** Please note that all criteria must be satisfied and supported by the Zoning Board of Adjustment in order for a variance to be granted. Should the space provided be inadequate, please attach additional pages to this application.

1. The variance will not be contrary to the public interest because:

2. The spirit of the Ordinance is observed because:

3. Substantial justice would be done because:

4. The values of surrounding properties are not diminished because:

5. Literal enforcement of the provisions of the ordinance would result in an unnecessary hardship.

   (a) For purposes of this subparagraph, “unnecessary hardship” means that, owning to special conditions of the property that distinguish it from other properties in the area:

      (i) No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property, and;

      (ii) The proposed use is a reasonable one.

   (b) If the criteria in subparagraph (a) are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it.
The definition of “unnecessary hardship” set forth in paragraph (5) shall apply whether the provision of the ordinance from which a variance is sought is a restriction on use, a dimensional or other limitations on a permitted use, or any other requirement of the ordinance.
EQUITABLE WAIVERS OF DIMENSIONAL REQUIREMENTS
(Article 15)
(RSA 674:33-a)

The Board shall hear and decide requests for equitable waivers when a lot or structure thereupon, is discovered to be in violation of dimensional requirements imposed by the Zoning Ordinance. Please provide a written response along with any other supporting documentation for each of the following criteria. Please note that all criteria must be satisfied and supported by the Zoning Board of Adjustment in order for a variance to be granted. Should the space provided be inadequate, please attach additional pages to this application.

(a) That the violation was not noticed or discovered by any owner, former owner, owner’s agent or representative, or municipal official, until after a structure in violation had been substantially completed, or until after a lot or other division of land in violation had been subdivided by conveyance to a bona fide purchaser for value;

(b) That the violation was not an outcome of ignorance of the law or ordinance, failure to inquire, obfuscation, misrepresentation, or bad faith on the part of any owner, owner’s agent or representative, but was instead caused by either a good faith error in measurement or calculation made by an owner or owner’s agent, or by an error in ordinance interpretation or applicability made by a municipal official in the process of issuing a permit over which that official had authority;

(c) That the physical or dimensional violation does not constitute a public or private nuisance, nor diminish the value of other property in the area, nor interfere with or adversely affect any present or permissible future uses of any such property, and;

(d) That due to the degree of past construction or investment made in ignorance of the facts constituting the violation, the cost of correction so far outweighs any public benefit to be gained, that it would be inequitable to require the violation to be corrected.

In lieu of the findings required under subparagraphs (a) and (b) above, the owner may demonstrate to the satisfaction of the Board that the violation has existed for 10 years or more, and that no enforcement action, including written notice of violation, has been commenced against the violation during that time by the municipality or any person directly affected.
Application and hearing procedures for equitable waivers under this section shall be governed by SA 676:5 through 7. Rehearings and appeals shall be governed by RSA 677:2 through 14.

**Waivers shall be granted under this section only from physical layout, mathematical or dimensional requirements, and not from use restrictions.** An equitable waiver granted under this section shall not be construed as a nonconforming use, and shall not exempt future use, construction, reconstruction, or additions on the property from full compliance with the Ordinance. This section shall not be construed to alter the principle that owners of land are bound by constructive knowledge of all applicable requirements. This section shall not be construed to impose upon municipal officials any duty to guarantee the correctness of plans reviewed by them or property inspected by them.
**APPEAL FROM AN ADMINISTRATIVE DECISION**  
(Article 15)

If you have been denied a building permit or are affected by some other decision regarding the administration of the Dunbarton Zoning Ordinance, and you believe that the decision was made in error under the provisions of the Ordinance, you may appeal the decision to the Board of Adjustment.

When an appeal is made to the Board of Adjustment under this provision, the Board must apply the strict letter of the law in exactly the same way that a building inspector must. It cannot alter the Ordinance and map or waive any restrictions under the guise of interpreting the law. The petitioner may ask for a variance after the Board of Adjustment has defined the law, but this must be done by filing an application for variance and considered by the Board based on the standards required for a variance.

Decisions of the planning board which are based upon the zoning ordinance may be appealed to the zoning board unless the zoning provision involved is an innovative land use control adopted pursuant to RSA 674:21, in which case the planning board’s decision may only be appealed to the superior court as provided by RSA 677:15. The zoning board cannot hear appeals of planning board decisions which are not based upon the zoning ordinance. Such appeals must be made directly to superior court, pursuant to RSA 677:15.

**A copy of the decision appealed from must be attached to your application.**
