

The Dunbarton Town Hall & Theatre Restoration Project (DTHTRP)
Meeting Minutes
Wednesday February 34, 2015

Trustees Present:

Tiffany Dodd, Chair and Treasurer Margaret Watkins, Vice Chair Shelley Westenberg, Secretary Clement T. Madden

Motions made:

- None

Discussion:

Shelley Westenberg or Margaret Watkins will try to arrange a meeting with the abutters to keep them informed. A list of contributors to the project will be prepared as a handout at the town meeting.

Talking points for the speakers at the bond hearing was discussed. Tiffany will address the history of the project and the need for the restoration, momentum for the project, and lots of community input for the design. A strong team of construction advisors. Money is relatively cheap right now for the bond, but it's not getting cheaper.

Frequently asked questions will be on the handout. Why raise \$100K through taxation? To reduce the cost of the bond. It's basically the amount of contingency built into the budget. Since we anticipate not spending all of the borrowed money, we will be able to return unspent monies to the taxpayer. We do not want to borrow money we don't plan to use.

Architect Stephen Peach will come to bond hearing.
